RD 9 ×9																					
TOTAL																					

1/2 1ST-HAND MARKS TOP-LEFT, 2ND-HAND BOTTOM-RIGHT Record second-hand info in the round it was gathered.

Weighing the evidence: each mark is worth its round number (a round 3 mark counts 3). Total each column that way, then add a suspect's three totals. The highest score is your most likely perpetrator.

CRIME LAB

Tally each reading. Never 6+ hours off; midnight wraps.

Round 2		16	
Round 3		8	
Round 4		4	
Round 5		2	
Round 6		1	

Pass, and **half your stake** (base + carried) carries to your next hunch. A hunch, right or wrong, uses up the carry.
